# How to set up your MSPCA email on your iPhone

Eric Ruthenberg - 2020-04-30 - Comments (0) - General

# MSPCA email setup on iPhone

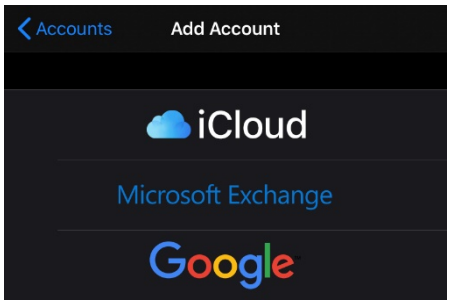

1. Open Settings on iPhone (iOS 13)

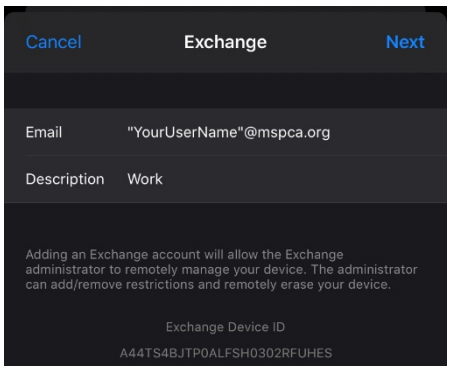

2. Select Passwords & Accounts

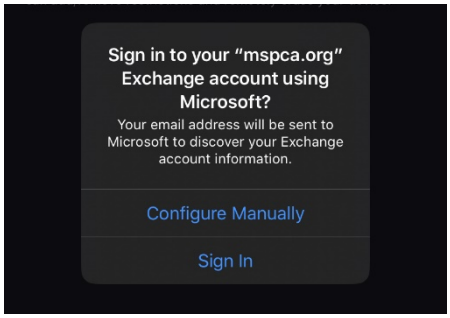

3. Select Add Account

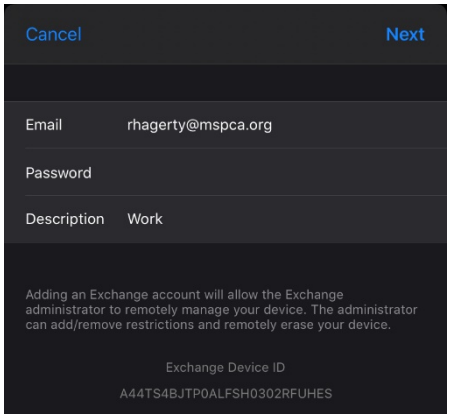

4. Select Microsoft Exchange

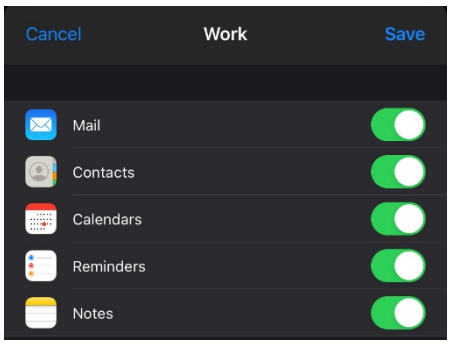

5. Enter your MSPCA email address & Description

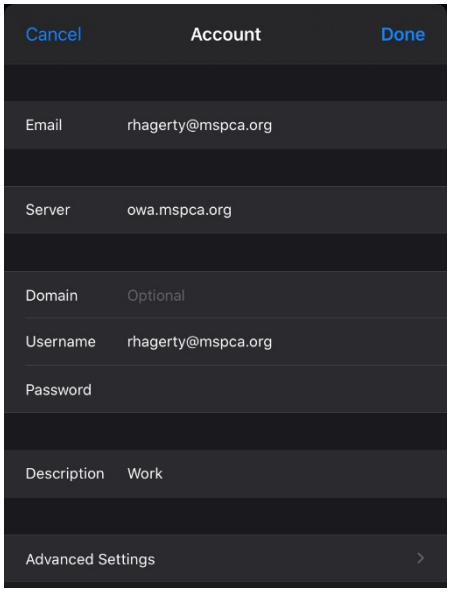

6. Select Sign In (Optional, Configure Manually – See step 9)

7. Enter your MSPCA password, then select Next

8. Successful setup, select Save

9. Optional, Configure Manually from step 6.

- Enter Server Name
- Enter Username (email address)
- Enter MSPCA Password
- Select Done when completed
